*Historically, if there are enough students, the facility has space, and teachers are available every effort will be made to offer a class. **This is only an interest list.** Specifics such as dates, times, fees and teachers are still being confirmed at this time. The June newsletter will have those details and pre-registration will be available at the June faculty meeting. Please turn this form in at the Junior High table at the May faculty meeting. Tiffany Haugland will be there to answer any questions.
